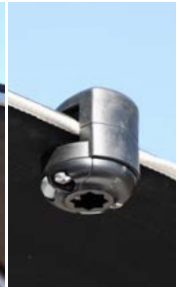
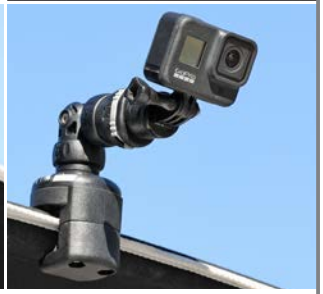
NEW PRODUCTS

BIMINI RAILMOUNT

The Bimini RailMount is a base mount that allows secure and easy attachment of lightweight RAILBLAZA products to your round or square tube bimini.
This mount will secure your accessories at the height of your bimini, ideal for navigation lights, flash/flood lights and action cameras.
The Bimini RailMount is simply screwed together with no drilling required so that it can be easily removed, leaving your bimini as good as new!
The Bimini RailMount can be fitted to square rails 28mm (1 1/8") or 32mm (1 ¼") and round rails 19mm (3/4"), 22mm (7/8"), or 25mm (1"). All installation hardware is provided including rubber inserts and the required stainless-steel mounting fasteners.





For square and round tubes
03-4165-11 *Bimini RailMount & StarPort*

Rubber inserts for multiple bimini rail sizes

Not designed for use with Rod Holders, Camera Booms or Flag Poles

BIMINI RAILMOUNT LIGHT KIT

The Bimini RailMount Light Kit offers all the same features as the Bimini RailMount paired with the RAILBLAZA i360° navigation light. This is a simple, cost-effective and battery powered solution requiring no external wiring. The light can be removed, leaving a StarPort that can be tasked for other applications such as camera mounts.
Not designed for use with Rod Holders, Camera Booms or Flag Poles

For square and round tubes

Meets USCG 2NM

IP 67

Rubber inserts for multiple bimini rail sizes

TROLLING MOTOR SUPPORT XL

The Trolling Motor Support XL is designed to support the shaft of your trolling motor while travelling.

- Can be offset inboard or outboard to suit the alignment of your trolling motor shaft
- Height adjustable to suit different shaft heights
- Flexible strap holds shaft captive to avoid vibration on road or on water
- Can be removed to create a clear deck when trolling motor is in use
- Will fit any StarPort mount to suit your application ***(ordered separately).***

SPOOLING STATION

The Spooling Station is an easy, compact, one person solution to effortlessly respool your reel

The Spooling Station is a device that is designed to help you respool your line on the go without removing the reel from the rod.

- The height adjustable shaft means it is compatible with spools up to 50mm (2") thick and a maximum diameter of 115 mm (4.5")
- Adjustable orientation allows for the spooling station to pivot and point to your rod tip
- Spool line retention clip to stop spool unraveling when not in use
- Integrated brake for adjustable spool tension
- Fold back tether point to hold the spooling station closed. Ideal for folding away in a cupboard or locker
- Easily shift from boat, kayak, workshop or have multiple units for easy access wherever you are.

Spooling Station Track mount version

09-4160-11

TracMount option allows a tool-free installation on gunnel tracks of most aluminium fishing boats including Tracker VersaTrack, Crestliner, LUND Sport Trak, LOWE Boats, Princecraft PrinceTrak, Xpress Boats, War Eagle, EXCEL Boats, G3, Ranger, Horizon & Stessl Boats Australia (2020 onwards).

Two different versions available:

'Track Mount version' and a 'Fixed or StarPort version' so there is a solution that is perfect for any environment such as workshop bench or boat.

Included in the Track Mount version

- Main body
- Spool brake
- Mounting base
- Spool line retention clip
- Height adjustable shaft
- Plastic washer
- *Track mount fasteners*
- *Rubber washers*

Whats in the box:

Both versions come with everything shown in this image plus extra fasteners pertaining to each version.

Spooling Station
Fixed or StarPort version

09-4159-11

Fixed or StarPort version comes with a mounting base so it can be easily attached directly to a flat surface with the supplied self-tapping screws. Also comes with a StarPort adapter making it compatible with all RAILBLAZA StarPort mounts. *Sold separately.*

Spooling Station setup using StarPort Adaptor

Included in the Fixed or StarPort version

- Main body
- Spool brake
- Mounting base
- Spool line retention clip
- Height adjustable shaft
- Plastic washer
- *StarPort Adapter and washer*
- *Stainless steel self-tapping screws*

Mount permanently to your work bench or walls

Attach directly to StarPorts

STARPORT

Where it Starts

The RAILBLAZA StarPort is a unique and versatile mount used in a huge number of applications. The StarPort allows users to fit and swap out our full range of RAILBLAZA accessories. Made from high grade engineering plastics, the StarPort is easy to fit and stylish. It can be surface or recess mounted on power boats, inflatables, sail boats, kayaks, ATVs, garages & many other applications...

- StarPorts can be horizontally or vertically mounted in minutes
- Low profile surface mount & minimal intrusion depth when recess mounting
- Includes a stylish locking slide for securing accessories firmly in place
- Gasket and bung reduces water ingress.

SIDEPORT

If you need to mount on a vertical surface, but require a horizontal port (or vice versa), the SidePort is the mount for you. It's ideally suited for gunnels of smaller aluminium boats or vertical cockpit wells on kayaks. Fitted in minutes, and sold with all necessary stainless steel fasteners the SidePort is a fantastic mount and great value for money.

03-4046-11
Black

For track mounting, drill out the centre holes with a 6mm (.25 in) drill from underside

STARPORT HD

Many kayaks and boats are made to suit the 4 hole base pattern of Scotty, RAM, Cannon, Fish-On, and many others. Now RAILBLAZA's original accessories can easily be fitted to these vessels. After many requests we introduced the StarPort HD. This is a stylish, four screw base mount, which comes with the popular RAILBLAZA locking slide, and is lower in profile than others on the market.

The StarPort HD can also be centrally mounted on many popular track systems, with the added versatility of tool-free adjustment. Just buy our TracMount Kit 03-4109-11, & open up the central hole bosses with a 6.5mm (1/4 in) drill bit.

Fasteners included

Many Kayak brands use threaded inserts. It is advisable to check the depth and thread of insert before fitting supplied fasteners, as these may need to be shortened. StarPort HD can also be attached using self tapping screws, long tri grip rivets or rubber well nuts.

RAILBLAZA
HOLD EVERYTHING...

RAILMOUNT 19-25

RAILBLAZA RailMounts are simple-to-use mounts, allowing the easy attachment of RAILBLAZA accessories, and many other things. Simply screw the RailMount together onto your rail, no need to drill holes so you can easily move the RailMount to a different spot, and your rail is as good as new!
The RailMount 19-25 can be mounted onto any 19 or 25mm (0.75 or 1in) rail in minutes.
All RailMounts come complete with adapters, rubber grips, self-adhesive grip tape and the necessary stainless steel mounting screws.

RAILMOUNT 19-25
fits round rails 19mm (.75 in) to 25mm (1 in)

Combo pack

03-4011-11 *Black RailMount & StarPort*
03-4011-21 *White RailMount & StarPort*

Supplied with all necessary fasteners

RAILMOUNT 32-41

The RailMount 32-41 is specifically designed for both round and square 32mm (1.25 in) rails, 41mm (1 5/8 in) round rails such as those found on Hobie kayak outriggers, and the **Hobie H-Rail.**

All RailMounts come complete with adapters, rubber grips, self-adhesive grip tape and the necessary stainless steel mounting screws.

RAILMOUNT 32-41
fits round 30mm (1.15 in) - 41mm (1.6 in) rails, and square 32mm rails

RIBPORT

Fitting rod holders and other accessories to RIB's & inflatable boats just got easier. Now you can fit accessories like rod holders, bait boards, fish finders and more to RIB or inflatable boats and kayaks without hassle or messy glues. The 3M VHB pad allows you to peel and stick the RIBPort mount, then fit any of your favorite RAILBLAZA accessories.

The 3M VHB pad is supplied with every RIBPort pack.

You no longer need a specialised outfitter, or to work with messy glues to install accessories to your RIB or inflatable, with the RIBPort VHB pad you can install in the comfort of your own garage following the supplied instructions. Our team have run extensive trials on Hypalon and PVC inflatable craft and also recommend the VHB pad for use on epoxy SUP's or surfboards.

The RIBPort can also be attached using the same glues as used to attach handles etc to RIB's & inflatables.

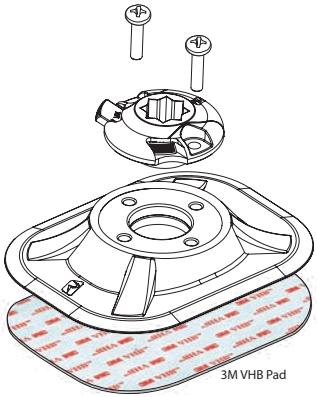
CLEATPORT RIBMOUNT

Bringing the functionality of the CleatPort to your PVC or Hypalon inflatable boat. It's a simple idea, but very effective. Now your cleat can hold your fishing rod, mobile phone, drink, navilight, or anything else that a RAILBLAZA accessory can hold. The CleatPort RIBmount is supplied with a 3M VHB pad this allows you to peel and stick the CleatPort RIBmount, then fit any of your favorite RAILBLAZA accessories.

RIBPORT

With 3M VHB self adhesive pad.
No glue, no fasteners, just stick it.



The RAILBLAZA RIBPORT

The only hole you want in your inflatable

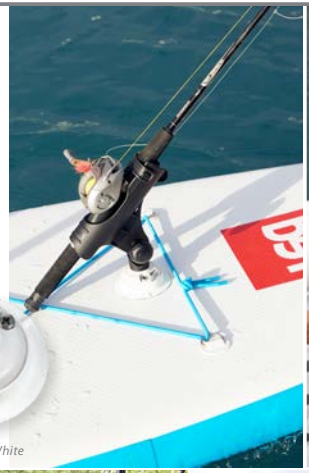
Ideal for use on Inflatable boats, SUPs and kayaks. Will bond to PVC, Hypalon, fibreglass, aluminium and much more.

QUIKPORT

This stylish, low profile, stick on mount is easily fitted to most surfaces. It is designed for use where fasteners are unable to be used. Applications include inflatable boats and SUP's. It will also work well on fibreglass SUP's, aluminium and fibreglass decks.

03-4087-11 *Black*

03-4087-21 *White*



The Versatile QuikPort

Stick your camera, nav lights, phone, or drink holder to your inflatable boat or SUP, or almost anywhere else. QuikPort is a stick on StarPort, with a diameter of 90mm (3.5 in), and is available in black or white. This small footprint, stick-on, RAILBLAZA StarPort will fit into much tighter spaces than the RIBPort. Made from quality engineering plastics, the QuikPort comes with a 3M VHB self-adhesive pad and can also be glued if that's your preference. Suitable for use on almost any surface, QuikPort is proven to stick well to PVC, Hypalon, fibreglass, epoxy, and aluminium.

Also now available TracLoader for Australian side deck models with coamings. See page 16.

KAYAK TRACKS

RAILBLAZA HOLD EVERYTHING...

SLIMLINE TRACK

The Slimline Track is supplied in a 300mm (12") length. This compact track will fit most brand kayaks. The kit is supplied with coarse self-tapping stainless steel screws. The Slimline Track receives the MiniPort TracMount, TracLoader ports or StarPort HD – with the relevant TracMount kit.

Track dimensions
350mmL (14 in) x 25mmW (1 in) x 16.5mmH (0.65 in)

01-4125-11
Slimline Track 300mm (12 in)

KAYAK EXPANDA TRACK

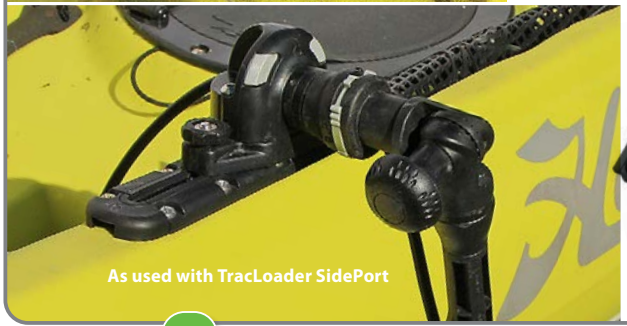
The Kayak Expanda Track is a versatile, low profile track which is modular, and can be expanded In 75mm (3 in) lengths. Made of 15% fibreglass reinforced nylon the track is strong and UV resistant. The Expanda Track receives the MiniPort TracMount, TracLoader ports or StarPort HD – with the relevant TracMount kit.

Double end mount
45mm (1.8 in)L x 40mmW (1.6in) x 10mmH (3/8 in)

Single section
125mmL (5 in) x 40mmW (1.6 in) x 10mmH (3/8 in)

Double section
200mm L(8 in) x 40mmW (1.6 in) x 10mmH (3/8 in)

The kit includes 4 track lengths, 2 end pieces and screws for 3 mounting options. The parts can be assembled to make a 100mm (4 in) or 200mm (8 in) track, or by clipping the 2 ends together you can make a mount which will receive the MiniPort TracMount.



As used with TracLoader SidePort

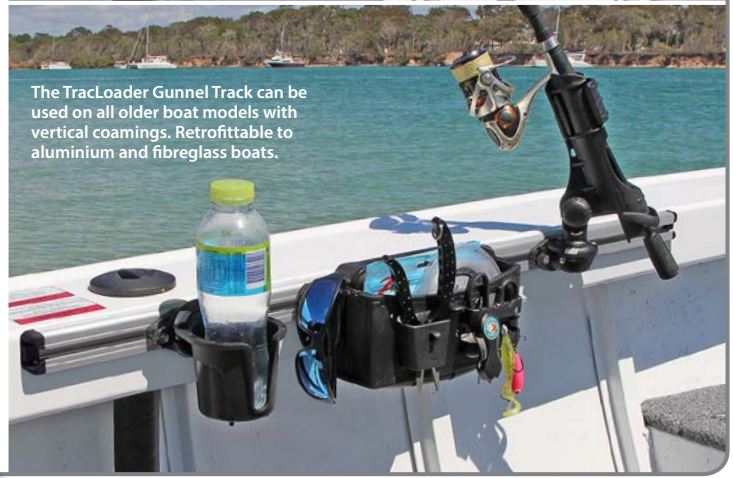
TRACLOADER GUNNEL MOUNT SERIES

The TracLoader Gunnel Mount series fits the TracLoader Gunnel track allowing tool free installation for the full range of RAILBLAZA accessories. The mounts can be adjusted to any point along the track and easily removed if needed. **The TracLoader Gunnel Mount series will also fit the coaming tracks on all 2020 and later models of Horizon and Stessl boats in Australia.**

03-4153-11
TracLoader StarPort Gunnel Mount Series Includes 2 x T Bolts with plastic covers

03-4152-11
TracLoader SidePort Gunnel Mount Series Includes 2 x T Bolts with plastic covers

RAILBLAZA has worked closely with the team at Horizon and Stessl boats in Australia to incorporate a track in the coaming extrusions of their side deck boats. This allows the full range of RAILBLAZA products to be fitted easily without drilling holes in the boat.



The TracLoader Gunnel Track can be used on all older boat models with vertical coamings. Retrofittable to aluminium and fibreglass boats.

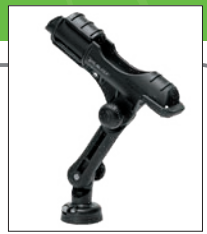
ROD HOLDER II

The Rod Holder II is robust, versatile, it will hold your rod, you choose which position.

- Rotating collar helps reduce 'strike-theft'
- Rear gimbal lock reduces rod rotation for compatible rods; lift to slide rods through
- Fully adjustable 360° around, over 90° vertical
- Easy access to reel when in position
- Square-tooth adjustable tilt stops rotational slipping.

The Rod Holder II is available either as a kit complete with a StarPort, or as a rod holder by itself.

For spinning reels, baitcaster reels, boat reels, fly reels. Allows you to fit your Rod Holder to any StarPort, SidePort, RailMount or RIBPort. ***Always use a tether.***



Fits Rod Holder Extender page 21
Care must be taken if used for trolling. Breakage can occur if drag is not set correctly. ***Always use a tether.***

FILLET TABLE/ACCESSORY TABLE

When you need a bit of 'chop' on the water

The 525 x 350mm (20.7 x 13.8 in) design allows for knife storage, has an all round drain (with fitting for hose underneath) that stops spill from the front, and no front lip to get in the way while filleting (includes two adjustable platforms). Fillet Table can be raised 125mm (5 in) with the addition of StarPort Extenders.

02-4024-11 *Fillet Table with platforms only*
04-4024-11 *Fillet Table including StarPorts and platforms*

Used with 2 x Adjustable Extender R-Locks

Lure rigging station as used on this World Cat 280CC

ADJUSTABLE PLATFORM

Allows the attachment of any platform-type product to a StarPort, eg: Fillet Tables, barbecues, tables, solar panels etc.
Adjustable angles forward and back 90°.
Supplied in singles.
Platform size 100 x 64mm (4 x 2.5 in).

Platform only
02-4002-11
Black

RODHOLDER EXTENDER

The Rod Holder extender will fit any of our 3 rod holders allowing 125mm (5 in) of extension. It gives full adjustability allowing the rod holder to be extended outwards or conveniently position your rod holder closer to you on your kayak.
Care must be taken if used for trolling. Breakage can occur if drag is not set correctly. ***Always use a tether.***

DRINK HOLD

Simplicity and versatility, the Drink Hold can be easily mounted into a vertical or horizontal StarPort and will hold anything from drink bottles to coffee mugs along with the ability to hang fishing lures or store pliers. Like all our StarPort accessories it is easily removed and transfered to another port or stowed when not in use.

TROLLING MOTOR SUPPORT KIT

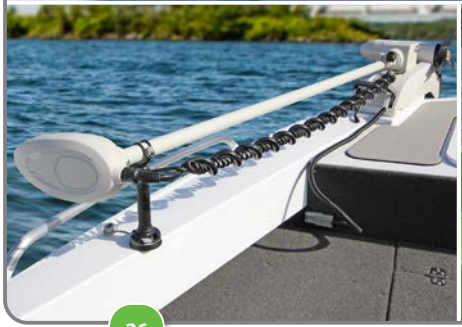
04-4148-11
Black
Fasteners supplied
Total height off deck 160mm (6.3 in)

Secure support for trolling motor shafts while travelling

The fixed extender gives you the correct height off the deck and the G-Hold gives tight retention for the trolling motor shaft.

The support can be removed from the StarPort when not used, clearing the deck for fishing. Other mounts are also available if the StarPort is not suitable for the application. An adjustable extender R-Lock can also be used where the shaft is offset from the mount.

Also available, Trolling Motor Support XL - see page 2



SCREENGRABBA R-LOCK

These days chartplotter, sounder and even radar output can be read on popular consumer electronics. The ScreenGrabba holds your iPad, Galaxy Tab or other touchscreen firmly, even when it's in a waterproof bag or case.

The ScreenGrabba R-Lock offers the flexibility of our patented **lockable friction joints.**
This allows the ScreenGrabba to be locked at any viewing angle or to be locked in portrait or landscape orientation.

04-4131-11
ScreenGrabba R-Lock+ StarPort

- Fits 120mm (4.75 in) - 250mm (10 in) tablets
- 360° rotatable with R-Lock locking feature
- Allows portrait & landscape viewing lockable with R-Lock feature
- Over 90° tiltable
- Will hold most hard & soft dry cases

02-4131-11
ScreenGrabba R-Lock

MOBI MOBILE DEVICE HOLDER

The RAILBLAZA Mobile Device Holder, or "Mobi" for short, is ready to look after your phone, GPS, VHF, EPIRB or other mobile device. Our unique design brings a new level of versatility to the device holder market. Once you have your Mobi you can attach it to any vessel or vehicle on water or land - basically any place you can install a RAILBLAZA mount.

Mobi only

02-4033-11 *Adjustable Mobi*
02-4034-11 *Low Profile Mobi*

Fits any StarPort, SidePort, RailMount or RIBPort ordered separately

Features
- Spring loaded arms
- Rubber grip pads
- Optional retaining strap
- Adjustable and low profile options

Holds
- Cellphone
- VHF
- EPIRB
- Hand held GPS

CAMERA BOOM 600 R-LOCK

The perfect way to hold your camera and capture the action when you're hauling in a record-breaking marlin or about to take line honours. At over 600mm (24 in) long and fully adjustable with 5 moving joints, the Camera Boom 600 R-Lock is so flexible it has been asked "how did they ever shoot that angle?".

- Fits any StarPort, SidePort, RailMount or RIBPort
- Easy to adjust 5-axis movement using the patented RAILBLAZA R-Lock lockable friction joints
- Fits all cameras with ¼ 20 thread insert
- Kit includes GoPro tripod adaptor, high quality UV proof plastics, anodised aluminium and stainless steel fasteners
- Camera Boom 600 R-Lock is designed for camera mounting of light, modern digital cameras, it must not be used to carry devices weighing more than 0.8kg.

Always use a tether.

Same features as Camera Mount R-Lock

02-4132-11
Camera Boom 600 R-Lock

CAMERA MOUNT R-LOCK

02 4130-11
Camera Mount R-Lock

This compact camera mount allows you to adjust your camera to every angle with friction joints on our patented R-Lock system. You can also transfer it to any RAILBLAZA mount.

Features

- Fits all cameras with a ¼ 20 thread insert allowing them to become StarPort compatible
- Kit includes GoPro tripod adaptor
- Mounts on rails, boats, kayaks and inflatables with the correct RAILBLAZA mount
- Can be extended using RAILBLAZA Camera Booms or Extenders
- UV stabilised materials

Always use a tether.

CAMERA MOUNT ADAPTOR

02-4053-11
Camera Mount Adaptor

The Camera mount adaptor will fit all cameras with a ¼ 20 thread insert allowing them to become StarPort compatible. Also includes GoPro Tripod adaptor. Fits any RAILBLAZA mount.

Always use a tether.

ELECTRONICS MOUNTS

ROTATING PLATFORM S

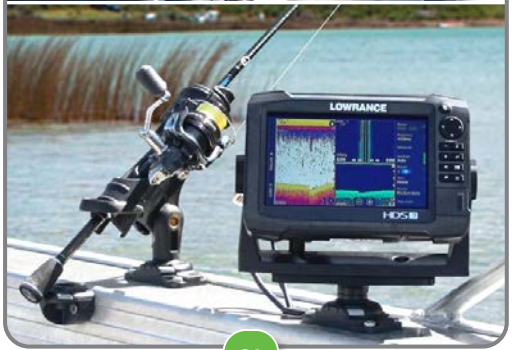
A platform for mounting fish finders or chart plotters with square or round bases, where a fixed plane surface is required but rotation is needed. Fits any RAILBLAZA StarPort mount 102 x 102mm (4 x 4 in.)

02-4021-11 *Black*

ROTATING PLATFORM R

A platform for mounting fish finders or chart plotters with U shaped brackets, where a fixed plane surface is required but rotation is needed. Fits most fish finder brands. Fits any RAILBLAZA StarPort mount 160 x 60mm (6.25 x 2.3 in)

02-4136-11 *Black*

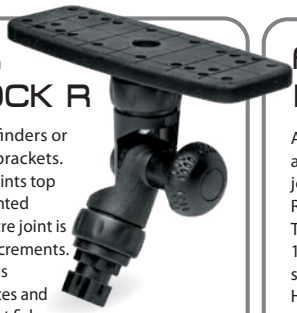


FISH FINDER MOUNT R-LOCK S

A platform for mounting fish finders or chart plotters with with square or round bases. This 3 axis mount has friction joints top and bottom featuring our patented R-Lock lockable joints. The centre joint is fully adjustable in 15-degree increments. Will take fish finders up to 1.5kgs (3.3 lb). Mount on angled surfaces and have your display level. 102 x 102mm (4 x 4 in) Height 170mm (6.7 in)

02-4140-11 *Black*

FISH FINDER MOUNT R-LOCK R



A platform for mounting fish finders or chart plotters with U shaped brackets. This 3 axis mount has friction joints top and bottom featuring our patented R-Lock lockable joints. The centre joint is fully adjustable in 15-degree increments. Will take fish finders up to 1.5kgs (3.3 lb). Mount on angled surfaces and have your display level. Fits most fish finder brands.
160 x 60mm (6.25 x 2.3 in) Height 170mm (6.7 in)

02-4141-11 *Black*

FISH FINDER MOUNT R-LOCK HOOK2

A fish finder mount for Lowrance HOOK2 4x and 5x models. This 3 axis mount has friction joints top and bottom featuring our patented R-Lock lockable joints.
The centre joint is fully adjustable in 15-degree increments. Mount on angled surfaces and have your display level.
Height 170mm (6.7 in)

02-4142-11 *Black*

LOWRANCE HOOK2 ADAPTOR

An adaptor allowing Lowrance HOOK2 4x and 5x models to become StarPort compatible.
Height 80mm (3.15 in)

02-4143-11 *Black*

SWING ARM R-LOCK

The swing arm R-Lock is for applications where you need to move electronic screens to a better viewing angle, for stowing screens out of the way. Ideally suited for sounders, plotters or our ScreenGrabba with a tablet.Used in conjunction with the Rotating Platform S and R. Can also be used for our Mobi, DrinkHolds or StowPods.

02-4147-11

200mmL x 110mmH
(8 in x 4.3 in)

KAYAK/CANOE SOUNDER & TRANSDUCER MOUNT

02-4061-11 *Arm only*

Kit Contents

- SwivelPort
- Adjustable knuckle joint
- Fixed StarPort Extender
- Cheek Mount Adaptor
- Rotating Platform (Only for 02-4060-11)
- 4 x cable ties, 1x mounting screw

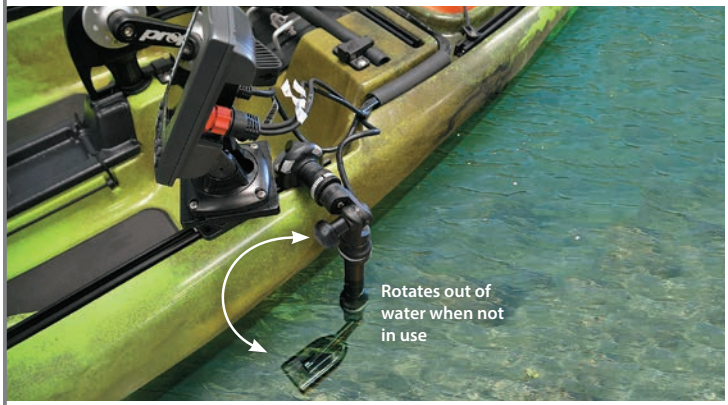
NOTE:
The transducer arm does not come with any Mounting Ports.
Mounting Port options:
See pages 1-12.

KAYAK/DINGHY TRANSDUCER ARM XL

02-4086-11

Kit Contents

- SwivelPort
- Adjustable knuckle joint
- Extender arm
- 4 x cable ties, 1x mounting screw



The Sounder & Transducer Mount has been developed for kayak anglers needing an easy way to install and remove fish finders or sounders. With this kit you can install and uninstall your fishfinder, sounder & transducer in a matter of seconds. With our extensive selection of mounts this kit can be adapted to fit any kayak or canoe.

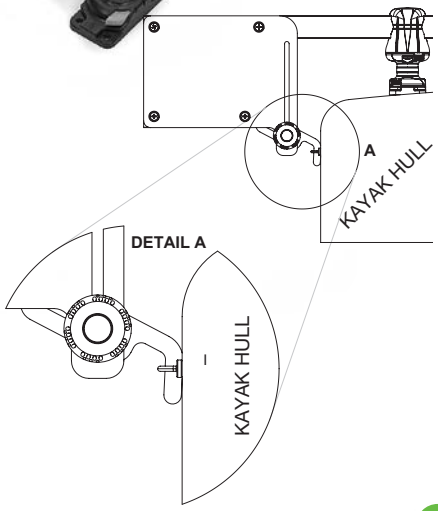
The Transducer Arm XL is designed for kayaks and canoes with high freeboards, and dinghies with a solid transom allowing easy retraction and removal of the depth sounder transducer. With this kit you can install and uninstall your fish finder transducer in a matter of seconds. No messy adhesives or excessive drilling of fittings required. With our extensive selection of mounts (not supplied) this arm can be adapted to fit any kayak, canoe or dinghy. **We recommend to retract if doing speeds over 8 knots.**

UNIVERSAL KAYAK MOTOR MOUNT

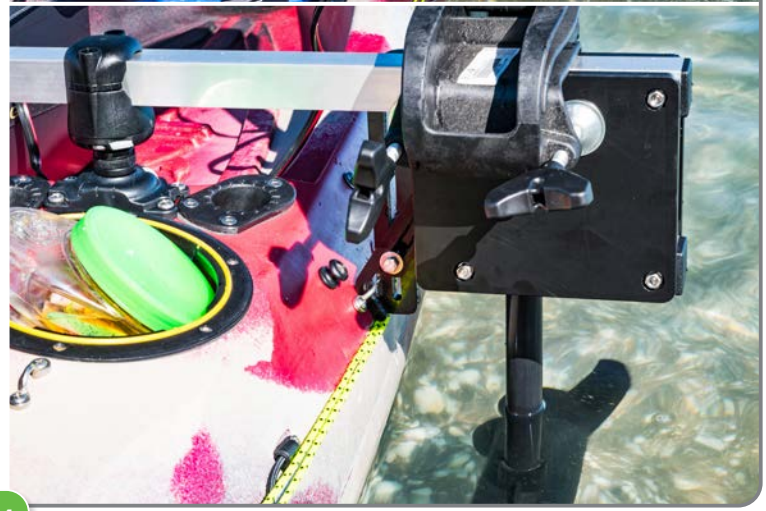
Super easy to clip on and off, your kayak can change from paddle only, to motor ready in under 30 seconds. This bracket will fit most models of kayak, and is suitable for, but not limited to the following motors:

- Minn Kota, all transom mount models
- MotorGuide, all transom mount models
- Water Snake, all transom mount models
- Torqeedo, all transom mount models

Length: 980mm (38.5 in)
Motor Pad size:
160mmH x 180mmW
(6.3 in x 7 in)



Supplied with 2 x StarPort HD's and fasteners.
Fully adjustable mount positions



G-HOLDS

Hold varying types of items, like torches, knife sheathes, boathooks, oars, gaffs and much more.

- 3 x diameters - 35, 50, 75 mm (1.3, 2, 3 in)
- They fit into any RAILBLAZA StarPort
- The flexible quick-release strap has two securing points for minimum and maximum diameters.

02-4026-11 *Black 35mm*
02-4027-11 *Black 50mm*
02-4028-11 *Black 75mm*

02-4052-11

GUNHOLD

The GunHold allows you to safely stow and transport your gun. The flexible rubber fingers shape to fit different gun butts and the strap secures the gun against vibration & damage. Will fit into all RAILBLAZA mounts. Sold singularly, however we recommend 2 units per rifle or shotgun.

We strongly recommend the RAILBLAZA GunHold is used in accordance with requirements of firearms legislation for the jurisdiction you are in.

DIVE & GAS BOTTLE HOLDER

The Dive & Gas Bottle Holder can be used for holding dive bottles , gas bottles, fuel and water cans. Can be permanently mounted using fasteners supplied or made removable using our StarPort mounting system.

02-4056-11
Black

Kit includes:

- 2 x Brackets
- 2 x Straps
- 2 x Ladder locks
- 1 x Side release buckle
- 2 x Star Adapters for use when mounting into StarPorts
- 2 x Screw packs to allow permanent mounting
- StarPorts ordered separately

Applications

Rail Mounted StarPorts | StarPorts | StarPorts

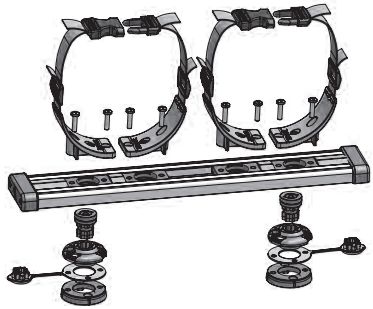
Mounting options: Ordered separately (refer to mounting option pages 5-14)

04-4062-11
Black

TRACPORT DIVE & GAS BOTTLE HOLDER KIT

The TracPort Dive & Gas Bottle Holder kit is a fully adjustable system allowing you to safely retain different sized dive bottles, gas bottles, fuel and water cans and even rubbish bins. Adjustable straps with quick release buckles allow for easy operation and full versatility.

Double bottle setup. Can be adjusted for different sized dive bottles. Once spaces for StarPorts has been decided, drill holes in TracPort to mount StarPort Adaptors - or fasten TracPort directly to surface.



PUSH POLE MOUNTS

QUICKGRIP PUSH POLE HOLDER

Secure your push pole when not in use

- Clamps tightly to push pole
- Rotates 360 degrees
- Pivots 180 degrees
- 2 sizes available
- Supplied with StarPort and fasteners.
- Allows for easy removal for stowage or adding other accessories

04-4116-11
QuickGrip Push Pole Holder 28mm (1 1/8 in to 1 3/8 in)

04-4117-11
QuickGrip Push Pole Holder 32mm (1 1/4 in to 1 5/8in)

StarPort can also be used for other RAILBLAZA accessories

QUICKGRIP PADDLE CLIP TRACK MOUNT

The QuickGrip Paddle Clip Track Mount will fit most kayak tracks including RAILBLAZA Expanda Track, Ascend, Wilderness Systems, Native Watercraft, YakGear and Yak Attack.
Easy to fit and holds most standard paddle shafts.

08-0052-11
QuickGrip Paddle Clip Track Mount

The QuickGrip Paddle Clip Star Mount will fit any RAILBLAZA port. Great for holding kayak or SUP paddles. They can also be used for storing landing nets, boat hooks and many other items that have a round shaft.
Available in two sizes 28mm and 32mm

02-4120-11
QuickGrip Paddle Clip Star Mount
28mm (1 1/8 in to 1 3/8 in)

02-4121-11
QuickGrip Paddle Clip Star Mount
32mm (1 1/4 in to 1 5/8 in)

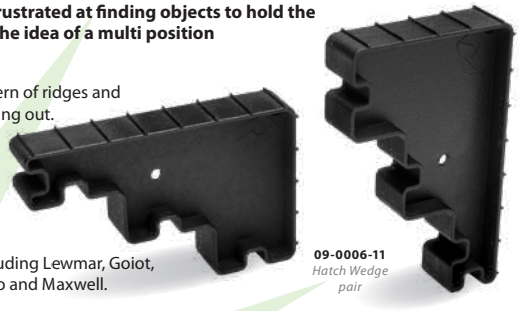
HATCH WEDGE

Being regular boaties we got tired of the friction hinges not holding our hatches up. After getting frustrated at finding objects to hold the hatch at different heights the idea of a multi position hatch wedge was born.

Simple, but effective, the pattern of ridges and recesses will stop it from slipping out.

It holds the hatch open at 25, 50, 75, and 125mm (1, 2, 3 and 5 in), and can be easily tethered.

Suitable for most hatches including Lewmar, Goiot, Moonlight, Vetus, Bomar, Gebo and Maxwell.



09-0006-11
Hatch Wedge pair

CAPTAIN'S HOOK

The Captain's Hook is an expandable low profile solution for hanging your ropes, hoses, paddles and much more. Supplied with fasteners and a 1m length of cord which can be adjusted to length for varying applications. When not in use it is low profile to avoid catching people or clothes.

09-0007-11
Supplied in pairs

RAILBLAZA HOLD EVERYTHING...

ILLUMINATE i360

Battery powered all round white navigation light

- Designed and made in New Zealand using high quality materials, and the latest LED technology
- **3 operation modes**
  - Full brightness navigation mode 2NM – up to 25hrs battery life
  - Low brightness work mode – up to 160 hrs battery life
  - Flashing emergency mode – over 200hrs battery life
- Waterproof to 1 metre
- Floats with lens clear of water
- Powered by 3 x AA batteries, not supplied
- Fits any RAILBLAZA mounting port, ordered separately.
- Meets USCG 2NM 33 CFR 183.810 & ABYC A-16 2 nautical mile visibility

02-5004-11
All round white light

CE

IP 67

The i360 meets the required standards for an all-round white navigation light for power and sailboats under 12 metres, and kayaks & canoes. To maximise battery life we have used a high quality, Japanese made, Nichia power LED and a high efficiency digital circuit. It is lightweight, and IP67 rated for dust and water ingress. AA batteries mean many more light hours for your dollars when compared to AAA, and as it's battery powered there's no need for external wiring and switching.

Meets USCG 2NM

ILLUMINATE iPS

Battery powered Bi-Colour LED Navigation Light

iPS Light Features

- Designed and made in New Zealand using high quality materials, and the latest LED technology
- **3 operation modes;**
  - Bi-Colour Port Starboard mode 2nm, 12-14hr battery life
  - Port light only mode, 2nm, 20-24hr battery life
  - Starboard light only mode, 2nm, 20-24hr battery life
- Waterproof to 1 metre
- Floats with lens clear of water
- Powered by 3 x AA batteries, not supplied
- Fits any RAILBLAZA mounting port, ordered separately
- Meets USCG 2NM 33 CFR 183.810 & ABYC A-16 2 nautical mile visibility.

C-TUG®
BY RAILBLAZA

The Ultimate Kayak & Canoe Cart

The C-TUG kayak cart is designed and manufactured in Napier, New Zealand. Unlike any other cart in the paddle sport arena today, C-TUG continues to amaze sport enthusiasts with its rugged appeal, incredible strength and satisfying good looks

C-Tug Cart

The New Zealand made C-TUG is the best, most versatile and durable kayak cart on the market. It carries up to 120kg (260lbs), dismantles in under 20 seconds to fit into a kayak hatch and won't corrode.

Part no: 50-0001-71

- Reinforced composite material
- Tool-free assembly
- Dismantles in under 20 seconds
- Fits inside kayak hatch
- Thermo-bonded elastomeric hull pads
- Stainless steel reinforced axles
- Puncture-free wheels with hi-grip rubber tread
- 2.8m (9 ft) strap with aluminium camlock buckle
- Adjustable kick-stand
- Light weight 4.3kg (10lbs) and easy to handle
- 120kg (260lbs) static loading (capacity will vary with dynamic loading on different terrains)
- 5 year warranty

C-TUG®
BY RAILBLAZA

SANDTRAKZ®
All-Terrain

The Ultimate Kayak & Canoe Sand Cart

The New Zealand made SandTrakz Cart is setting new standards with its sophisticated style and precision design. C-TUG SandTrakz is the best, most versatile and durable kayak cart on the market. It carries up to 80kg (170lbs), dismantles for easy stowing and won't corrode.

When it comes to moving loads over soft sand, wider wheels are not necessarily better. Bulldozers and military tanks use long tracks, reducing the chance of them digging in. SandTrakz puncture free wheels mimic this track system, the outer rim compresses when in use giving a longer track length. On soft sand this reduces how hard you have to pull to move your cart by more than half compared to standard puncture free Kiwi Wheels! In fact the SandTrakz system is so effective we think it's better than balloon wheels!

- **Half the effort compared to standard puncture free Kiwi Wheels**
- **Fits inside hatches**
- **Puncture free**
- **2 years warranty on wheels**
- **5 years on all other parts**

Whilst they are designed to make life easier on soft surfaces, SandTrakz wheels are also great on hard surfaces. Because C-TUG SandTrakz are designed to compress they act like suspension on hard surfaces, making for easy transition from soft to hard surfaces. The Patented, C-TUG SandTrakz carts are made in New Zealand.
Part no: 50-0006-71

SandTrakz Wheels

An easy upgrade for your standard C-TUG cart to give it all the features of a SandTrakz cart. (Fits any C-TUG old or new)
Part no: 50-0005-71
(Supplied as a pair)
Diameter = 315mm (12.5 in)
Width = 90mm (3.5 in)
Bore = 25.4mm (1 in)
2 years warranty, patented

EXPAND YOUR CART

C-TUG is more than just a kayak cart. It is now suitable for dinghies and inflatable boats by adding a Double Up Bar

For C-TUG Double Up
Order:
- 2 x 50-0001-71 C-TUG Carts
- 1x 50-0007-71 Double Up Bar

For SandTrakz Double Up
Order:
- 2 x 50-0006-71 SandTrakz Carts
- 1 x 50-0007-71 Double Up bar

Kiwi Wheels

Puncture free with hi-grip rubber tread. If you have an old C-TUG with pneumatic wheels and want to upgrade, all you do is clip off your old wheels, and clip on the new ones, easy as!!

Part no: 50-0002-71

(Supplied as a pair)

Dimensions: Dia. 260mm (10 in)
Width. 90mm (3.5 in)

5 years warranty

Double Up Bar

Makes your C-TUG carry more

The Double Up Bar allows you to assemble 2 x C-TUGs together spreading the load and allowing you to carry heavier kayaks or boats. The bar is a specific length to keep the wheels close together allowing the double cart to be turned easily. Once loaded and balanced no lifting is required all you have to do is pull it. Works with the standard C-TUG & SandTrakz version. Fits any C-TUG old or new.

Made in New Zealand

WWW.C-TUG.COM

- Easily disassembled
- Supplied with 2 x extended straps
- Carry weights up to 160kg (350lb) static loading
- Works with C-TUG and C-TUG SandTrakz
- Ideal for heavy kayaks, dinghies & inflatable boats
- 2 years warranty

50-0007-71 includes 1 x Double up Bar, 2 x Straps (C-TUGS ordered separately)

- May not suit all transom configurations
- 2 year warranty

The C-TUG Dinghy Wheels are a lightweight and rugged option for transporting your dinghy up the beach avoiding having to carry the heavy load. The wheels have an easy lock and unlock function when adjusting to the up or down position. Easily clear the outboard with the multiple up positions. The wheel assembly can be easily removed from the transom mount allowing for stowing out of the sun when the boat is not in use. Ideally suited for inflatable boat tenders or small lightweight aluminium boats.
Part no: 50-0009-51 *(Supplied as a pair)*

Made in New Zealand Des. Pat Registered internationally

C-TUG®
BY RAILBLAZA

The Ultimate Dinghy Wheels

Rugged, Lightweight and Easily Removable

Perfect for small lightweight aluminium boats
